If you're interested in a career in cybersecurity, this training could be a good option.

1. Organization providing the training:

Per Scholas

2. Physical location where training occurs:

1400 Spring Street, Suite 301
Silver Spring, MD 20910

3. Description of the training offered:

This training is meant to prepare individuals for a plethora of careers in the cybersecurity field. Per Scholas is a national nonprofit that drives positive and proven social change in communities across the country providing rigorous and tuition-free technology training and professional development. The length of each training is dependent upon the industry recognized certification course the learner chooses to pursue, but typically ranges from 12 to 15 weeks.

4. Trainees have the opportunity to earn the following industry-recognized certifications:

- **C**ompTIA A+
- CompTIA Network+
- CompTIA CySA+
- Amazon Web Service (AWS) re/Start

5. Am I eligible?

Admission to Per Scholas is needs based. You may be eligible if you:

- Are a Maryland resident
- Are 18 and older
- Have a High School Diploma or GED®
- Have interest in pursuing a career in IT Security
- Have 1+ year of IT work experience or equivalent IT focused coursework
- Are a U.S. citizen or authorized to work in the U.S.

The program focuses on training those who are unemployed and underemployed. Women, youth, and veterans strongly encouraged to apply. If you are a veteran, you must have been honorably discharged within the last 10 years.

6. What is the application process?

To apply for this training program, please visit www.perscholas.org/apply.

7. How much can I expect to earn if I complete this program and obtain employment in the cybersecurity field?

Trainees who complete this program, earn the industry-recognized certifications, and obtain employment can expect to earn between $35,000 to $40,000 per year.

8: How much do I have to pay for this program?

There is no cost to trainees.

9. Where can I find more information?
