

WORK OPPORTUNITY TAX CREDIT

The Work Opportunity Tax Credit (WOTC) Program provides a federal income tax credit available to businesses who hire individuals with barriers to employment from qualifying target groups. The Internal Revenue Service designated the State Workforce Agency (SWA) as responsible for administering the Work Opportunity Tax Credit Program in each State. The Maryland Department of Labor, through the Division of Workforce Development, administers the program in the state of Maryland.

ELIGIBLE BUSINESSES AND ELIGIBILITY

- A business must be operating in the State of Maryland.
- Consultants with power of attorney for an employer may apply on behalf of that employer.
- Businesses may be either taxable or tax-exempt.
- The credit will not affect the employer's Social Security tax liability reported on the organization's employment tax return.

The tax credit amount differs per target group. The Internal Revenue Service (IRS) determines the amount for each credit once the business or their authorized representative files their taxes. While an employer may indicate that an individual meets qualification for more than one target group, the WOTC certification may only be granted for one group per individual. If multiple target groups are indicated on the application, the DWDAL Tax Credit Unit will check for target group qualifications in order of most-to-lease credits available.

Businesses may apply for the Maryland WOTC program, and applications must be submitted within 28 calendar days after the new employee's start date.

QUALIFYING GROUPS

- Qualified IV-A Recipient (*Temporary Assistance to Needy Families - TANF*)
- Qualified Veterans
- Qualified Ex-felon
