Liberty Mutual to inspect in 7-10 days
 Scheduled for next week, D. Landry.
 Sent AIA list to secretary. Will call back with company and date
 Spoke with Danny Foster at the lodge. He says the boiler is still there and that he was not aware the law had changed. Asked me to mail him the AIA list so they can " get that taken care of"

My Company Comments: Property insurer called on behalf of the client, currently over a week past due. Says inspection currently scheduled for 5/30...a month past due. Advised to have the client get copies of HSB report and email them to boilers email as soon as inspection done due to 3week HSB delay ending client close to 60-day mark.

 Comments:**

Call location today and stated he has been trying to get in touch with Insparisk. He was very corruptive and states that his mother passed away in July. I gave him information to go onto the web site to get the AIA information and for him to call me back with the company and date. Called to set up specific appointment for Andy. Spoke with Zach. He says Insparisk inspected last year (2012) in September & realized as we were speaking that it's about time for them to come again. I asked him to call them & check on his inspection report as it was never received & gave him both contact numbers for Insparisk. I'll also write Kelly directly myself. Couldn't remember previous response from Insparisk so I contacted Debbie King again. She confirmed September 2012 inspection, said "we didn't receive payment for it until late 2013. Since the inspection we did in 2012 was already expired by the time we received payment, we did not file it" Asked if she should file it now. I advised her to please do so. Requested confirmation that they at least had not done another location at the site. Insparisk inspecting 8-1-14 Kaylee Seaman (443-521-4856) asked for leniency, citing the loss of a staff member as well as her husband's father or mother (I thought she said father but Miwa's note below says mother). I left a VM for her saying that we cannot do anything until the unit is in compliance, and added that I see that her husband Zach (410-397-8103) knew it needed to be inspected back in Oct 2013.

My Shared Comments: Account contacted me via email alerting me that the violation has been complied with. Once CNA inspectors are allowed to go back into the field post coronavirus lockdown, I will re-inspect in person.
New contact at location contacted me and ask that I re-send the violation letter as he had not seen it yet. Violation still outstanding but should be resolved soon.
Sent email to location to check on the status of the outstanding violation.

Comments: Kraig Ames -DLLR- 4:14 PM (14 hours ago) to Karl, Boiler Insparisk issue:

I went to location 717945 Masonic Lodge in Cambridge this afternoon. I spoke with Clifford Collison on the phone (410-330-9735). He said that he paid Insparisk in February to have their boiler inspected before 3/21/18. He received a notice in the mail from our office and realized Insparisk never came out to inspect. He called them and gave them a hard time. They told him they had not been out to inspect because they do not have enough help to cover Maryland. Coincidentally, they were supposed to show up this morning to inspect, they were to call Mr. Collison for access, he has not heard from them! Location 717945 Masonic Lodge MD102667H - no access, no one on site. Ames 4/26/18

MAC Inspection & Welding Agency
 Fri, Jul 26, 2:27 PM (3 days ago)
 to me, Robin, MD, Kraig, Jane

Good afternoon All, I was contacted by Jane Devlin of Richardson Maritime Museum (cc'd in this email), to schedule the inspection of their two(2) boilers that are past due. We have scheduled for this Wednesday, 7/31/19. They are past due but unfortunately we are not able to get to them before then. We will input their reports as soon as possible.

My Shared Comments: Delayed by legal issues, scheduled for today, per Debbie Coleman, MIWA. LLC.
 MD049445H and MD049446H
 I completed the above location inspections. They have one violation per boiler and we will process the reports this week. Mike Coleman per Kraig Ames 5-6-15 No access

Keith (410-221-8931) in maintenance left VM. Returned call and left VM.

Keith left VM. They got CWs and are scheduled for 4/28/16. I left him a VM detailing how many are overdue and that if they get them all inspected tomorrow that they should be fine.

Scheduled for next week, D. Landry.
