EXECUTIVE DIRECTOR'S REPORT

Mr. Cullingford reported on joint training that is being coordinated by the Department of Labor and the Maryland Building Officials Association (MBOA). This training opportunity, designed to provide code update training to government employees, has been extended to design board licensees. He informed the Board that the information has been sent to all licensed architects, giving them an opportunity to receive relevant continuing education at no cost.

BOARD COUNSEL REPORT

Jessica Praley informed the Board that there is currently no legislation proposals that are directly related to the Architects Board. However, she stated that there are two pieces of legislation, which she is monitoring, that may impact the board. The first is a proposal that would impact reciprocity of veterans, members of the military, and their spouses. The bill would create reciprocity for professional licensing provided they are currently licensed and in good standing in another state. The second is legislation that would impact timing for the disposition of cases that are brought to hearing. She will monitor this legislation and report anything significant to the Board.

ADJOURNMENT

The next meeting is scheduled for February 26, 2020.

There being no further business, motion (V) was made by Stephanie Hopkins, seconded by Kevin Sneed and unanimously carried to adjourn the meeting at 10:55 a.m.
